

# 3RD REFINING CHINA CONFERENCE

17-18 MARCH 2009  
CROWNE PLAZA  
WANFUJING, BEIJING

## REASONS FOR ATTENDING

- Now in its third year, the only international refining technology conference in China
- Organised in partnership with Sinopec and CPPEI
- Focuses on Chinese concerns: Heavy Crudes, Clean Fuels, Improved Refinery Competitiveness
- Extra contribution on Chinese Strategies in Face of Global Economic Downturn
- Over 75 senior engineers and decision makers attending from Chinese Producer companies
- The networking opportunity of the year
- Coincides with CIPPE, China's major oil industry exhibition: one visit, twice the benefit

## KEYNOTE SPEAKERS

- Liu Xian Fa, President, Petrochemical Research Institute, PetroChina
- Mao Jia Xiang, Vice President, Economics & Development Research Institute, Sinopec
- Wang Ji Ming, Former President, Sinopec
- Sun Li Li, SEI, Sinopec
- Shu Zhao Xia, Chief Expert, EDRI, Sinopec

# 3RD REFINING CHINA CONFERENCE

## 17-18 MARCH 2009, BEIJING

### ORGANISERS

**Refining China** is the only international conference in China dedicated solely to refining technology. It is run by Crambeth Allen, publishers of *Hydrocarbon China* and *PTQ*, in partnership with the **China Petroleum and Petrochemical Engineering Institute** and the Petrochemical Press of **Sinopec**, who are responsible for the invitation of some 75 selected Sinopec and Petrochina delegates.

### NETWORKING RECEPTION

As well as two days of presentations (simultaneous translation throughout), we shall be holding a networking reception for all delegates following the first day's presentations. Once again, our partnership with CPPEI and Sinopec will ensure the high quality of delegates invited to the conference, making it the networking event of the year for everyone with a specific interest in refining and petrochemical technology in China.

### ONE VISIT, TWICE THE BENEFIT

The conference ties in with CIPPE, the major Oil, Gas and Petrochemical exhibition, which is taking place in Beijing immediately following the conference, and for which we are a Media Partner. Make the most of your visit to Beijing and attend both events. **Book now at [www.refiningchina.com](http://www.refiningchina.com)**

### COMPANIES THAT HAVE PREVIOUSLY ATTENDED REFINING CHINA INCLUDE:

China Petroleum Technology Development Company, SINOPEC Engineering Incorporation (SEI), Research Institute of Petroleum Processing (RIPP), SINOPEC Wuhan Company, Sinopec Jinan Co, CPP of SINOPEC, Shi Jia Zhuang Refining & Petrochemicals Co, China Petroleum & Petrochemical Planning Institute, PetroChina Planning & Engineering Institute, CNPC Dagang Oilfield, Luoyang Petrochemical Engineering Corporation of Sinopec, Economics & Development Research Inst (EDRI), PetroChina Refining & Sales Company, PetroChina Daqing Petrochemical Company, Guangxi Qinzhou Refinery, SINOPEC Jingmen Company, Technical Development Department CNPC, SINOPEC Cangzhou Company, SINOPEC Zhenhai Refining & Chemical Co Ltd, Fushun Economic Development Area (FEDA), Dushanzi Petrochemical, Huizhou Refinery, SINOPEC Guangzhou Company, Nongbo Daxie Petrochemical, Changqing Refinery CNPC

DAY ONE

**Chairman's Welcome**

Yan San Zhong, President, *China Petroleum & Petrochemical Engineering Institute (CPPEI)*

**China Refining Industry in Current Economic Climate**

Paper 1: Wang Ji Ming, Former President, *Sinopec*

Paper 2: Shu Zhao Xia, Chief Expert, EDRI, *Sinopec*

**Towards an Efficient, Clean and Friendly Oil Industry**

Alberto Ferrucci, President, *Prometheus*

**How China's Refining Industry Will Meet More Stringent Environmental Requirements and Quality Specifications**

Mao Jia Xiang, Vice President, Economics & Development Research Institute, *Sinopec*

**H<sub>2</sub>S Control in Ecopetrol Refinery, Barrancabermeja City, Colombia**

Juan Carlos Barros, *Ecopetrol*

**Reduction of the Aromatics and Benzene Content in Reformates in Semiregenerative Reforming Units**

Mikhael Levinbuk, *Moscow Refinery*

**Advanced Technologies for Building Energy-Saving Refining Plants**

Sun Li Li, Vice President, *Sinopec Engineering*

**Refiners' Strategies to Meet Ultra-Clean Fuel Supply and GHG Emission Requirements**

Thomas Yeung, *Hydrocarbon Publishing*

**In Search of Real-Time Value Chain Management and Optimization in Global Petroleum Refining**

Craig Harclerode, *Osisoft*

**Boosting FCCU Margins in a Chinese Refinery**

Subramani Ramachandran, Technical Service Representative, Refinery Catalyst Asia, *Albemarle Asia Pacific Company*

**Twisted Tube Technology for Increased Capacity and Energy Savings**

Byron Black, *Koch*

**Heater Online Chemical Cleaning**

Jang Gu Su, *GTC*

**Hydrosulphurization (HDS) Screening Using Parallel Fixed Bed Technology**

Pieter Imhof, *Avantium Technologies*

**Heavy Ends Technologies Overview**

Jean-Christophe Dolignier, *Axens*

**Deep Dehydration and Desalting of Heavy Crude Oil**

F M Khoutoryansky, *All-Russian Research Institute of Oil Refining*

**Reception Hosted by Crambeth Allen for Participants**

DAY TWO

**Chairman's Introduction**

**Current Situation and Outlook of Heavy Oil Processing Technology**

Liu Xian Fa, President, *Petrochemical Research Institute, Petrochina*

**New Crude Upgrading Technologies**

Edgar Alfonso, *Inelectra*

**Sulphur Recovery Units in Heavy Crudes Processing**

Luciano Sala, Vice President, Gas Treatment & Sulphur Recovery Technologies, *Technip KTI*

**An Overview of Low Temperature Fischer-Tropsch (LTFT) Fuel Quality & the Value of Blending LTFT Fuels in a Chinese Refinery**

Debby Yoell, *Sasol*

**Application of Correlation Integral Optimisation Technique to Improve Competitive Ability of China Refining Enterprises**

Wang Jian, President, *OptimiPro Control Technology*

**Application of Advanced Technologies to Enhance Refinery Capability for Processing Opportunity Crudes**

Xu Wuqing, *GE*

**Total solutions in Opportunity Crude Processing**

Yang-Kwon Ryu, *Nalco*

EASY WAYS TO BOOK

**Online**

www.refiningchina.com

**Fax**

Complete and return this form to:  
+44 870 90 600 40

**Mail**

Complete and return this form to the  
organiser's address shown below

**Sponsorship**

A limited number of sponsorship  
opportunities are available. If your  
company is interested, you should  
therefore contact us for more  
information as soon as possible.

**Multiple delegates**

A 10% discount is available to  
companies sending four or more  
delegates. This applies to early  
registrations only.

**Accommodation**

We have negotiated special rates  
at the Crowne Plaza, Wangfujing  
for delegates. Full details will be  
provided following registration.

**Visas**

Our partners in China have kindly  
offered to issue official invitations  
to delegates requiring such  
invitations to obtain business visas.  
Please provide passport details and  
preferred dates of stay in China if  
you wish to take advantage of  
this offer.

**Organiser**

Crambeth Allen Publishing Ltd  
(Publisher of *Hydrocarbon China/PTQ*)

BOOKING FORM

**3rd Refining China Conference**

**Crowne Plaza, Wangfujing, Beijing, 17-18 March 2009**

Please make a reservation for the following delegate:  
(photocopy for multiple applications)

Given Name(s)

Family Name

Position

Company

VAT number (EU companies only)

Address

Town, Postcode and Country

Telephone

Fax

Email

For bookings received before 20 February 2009: Individual delegate fee £900  
A late booking supplement of £200 per delegate will apply to all bookings received  
after 20 February 2009

EU companies should quote their VAT numbers, failing which we shall apply 15% VAT,  
except UK companies which shall have 15% VAT applied in all cases

**I wish to pay by:**  MASTERCARD  VISA

Cardholder's Name

Card Number

Expiry Date Security No. (last 3 digits on back of card)

Signature

**Or, I wish to be invoiced in:**  GBP  Euros  USD  
for payment by bank transfer
